2. How do we use your personal data?

We use your personal data we collect about you in the following ways:

- To communicate with you regarding customer service enquires placed by you
- To process and fulfil orders you have placed through our showroom / websites including processing payments, sending out order and shipping confirmations and invoices.
- To keep company records about services and goods provided
- According to your selected communication preference and with your consent (in accordance with data protection laws) we might be sending you personalised online marketing material to inform you about our ongoing offers and promotions relating to products you might be interested in.
- To send you a verification email at the time you have signed up with us
- We might send you emails in relation to account management or an ongoing system maintenance
- To build your account profile
- To get in touch with you regarding online prize competitions you have entered
- We might need your personal data to screen and stop fraud and abuse
- We may also keep information about how you use our services.
- We may ask you to provide physical evidence of identity verification as a lender will search the files of credit reference agencies which will keep a record of their search, whether or not your application for a loan proceeds. This is not seen by us or shared with any other 3rd parties unless written consent is received from you.

Please be advised that we will not use any payment (credit, debit card) information for any reason other than to fulfil our legal and regulatory duties and to process your payments for our products and services or funds due back to you in case of a refund.

We use our automatically collected data about you as follows:

- For the maintenance of our websites including: to optimise and improve our site, troubleshooting, data analysis, research, testing, to keep our site to be safe and secure, to measure success of our marketing /advertising campaigns, for statistical and survey purposes. E.g. Google Ads, Google Analytics, Facebook Advertising and Analytics, etc.
